

FORESTRY TILLERS FOR SPECIAL VEHICLES

300/FD/PT300

Demining head with flail rotor.

The 300/FD/PT300 demining flail has a rotor with chains and hammers. This head clears mines by detonating ordinance as they come into contact with the flails. The power of the explosion is then concentrated on the flails.

Depth 10 in

Poly Chain toothed belt transmission

Side wear protection plates

Adjustable skids

Interchangeable protection chains

Bolt-on chain's protection plates

MODEL	300/FD/PT300-250
Head type	Demining Flail
Working width (in)	98
Total width (in)	126
Weight (lbs)	6944
